

At **Juneva Health** we provide a completely new approach to restore health at its source based on 21st century science, technology and quantum physics utilizing over 30 years of research from companies such as NES Health and others that are leading the field in the new science of bio-energy and bio-information.

By looking at the physics underlying the biochemical nature of the body with the **NES BioEnergetiX WellNES System**, we can now accurately read the human body-field and tune it to engage the body's self-healing ability so that the body can more easily return to optimum function and health, in the most natural and safe way.

We offer a variety of personalized therapeutic solutions based on the latest research in holistic therapy modalities, such as biofeedback therapy, PEMF therapy, vibroacoustic therapy (VAT), light therapy, neurofeedback therapy and photobiomodulation therapy, together with various detox support programs and advanced lab tests (e.g. food sensitivities, nutritional analysis) that can help restore optimal health and well-being throughout the body, mind and spirit.

We see clients with a variety of often long-term and complex health concerns, including CFS, pain syndromes, allergies, PTSD, anxiety, ADHD, ADD, Alzheimer's, Parkinson's, cancer, MS, diabetes, digestion, cardiovascular, men's & women's health issues, and many others.

We also do remote consultation (Telehealth) including body-field scan & analysis with clients across the globe.

Let us help you restore your health and energy!

health care...
on the leading edge

Passionate. Groundbreaking. Socially-driven. **Juneva Health** is a truly diverse and international family. We strive to keep our heads and hearts plugged into the unique cultures, needs and wellness goals of each client around the globe. Each member of our team is dedicated to our mission to revolutionize health care and helping you achieve greater health and well-being in the most natural and safe way.

We'd love to be part of your personal health and wellness journey.

Helping You Restore Health at its Source

Juneva Health and its products and services do not cure, prevent, diagnose or treat disease. If you have a medical condition or concern, please consult the appropriate health care professional. Juneva and its claims have not been evaluated by any government agency or regulatory organization.

A new beginning in health care.

Welcome to the NES BioEnergetiX WellNES System

Energy and information control biology.

Every functional system in the universe requires Energy and Information ...including us. What would your smartphone do without energy or information (data & apps)? Nothing. That's right. What happens when information on your smartphone becomes distorted/corrupted? Its functions will be impaired, right?!

Well, the exact same principle applies to our body!

Over 30 years of research by NES Health proves that there is a regulating field of energy and information at the subcellular (quantum) level, we call the human body-field, which serves as a master control system for all physiological function. Any distortions or blockages in the body-field correlate to the physical symptoms we experience and are the root cause of our health issues.

The harmonious interaction of the components that comprise the NES BioEnergetiX WellNES System correct these distortions, so the body-field & body can more easily and naturally return to optimum function. Watch the video at <https://vimeo.com/junevahealth/bioenergetics>.

It is one simple, powerful system for creating total wellness:

1. Assess with NES BioEnergetiX App

A revealing whole-being scan to assess your body and body-field and identify the distortions in energy and information flow.

NES BioEnergetiX Advanced Analysis Software is a comprehensive health assessment tool that probes the human body-field to identify the bio-energetic and bio-informational distortions that may underlie physical and emotional issues that correlate to your health issues.

By simply placing your hand on a scanning device, the software measures hundreds of wellness points in just seconds with remarkable accuracy. It advises your practitioner on the correct NES miHealth functions and NES Infoceuticals to restore your body-field's energy flows and information to activate the body's self-healing abilities.

2. Unblock with NES miHealth

Reduce stress and re-train parts of the body and mind to healthier patterns to unblock the body's energy, release trigger points and correct energy flow.

NES miHealth is a compact, non-invasive handheld PEMF (pulsed electro-magnetic frequency) device, which releases energy blockages, stimulates trigger points and brings your body's oscillations back to normal allowing the important information delivered by the NES Infoceuticals to flow properly to where it is needed.

The miHealth can be used directly on your skin or in off-body mode. With a variety of healing options available via the NES miHealth, you and your practitioner can work in collaboration so you experience maximum benefits.

3. Correct with NES Infoceuticals

Micro-mineral liquid drops to correct distortions in the body's information based on the exact information that's right for you.

NES Infoceuticals are liquid energetic remedies that have been 'imprinted' with bio-information to directly correct distortions in your body-field and restore your body's inherent self-healing capabilities. They deliver the precise information your body needs to reclaim optimal functioning and health.

NES Infoceuticals are safe, effective and easy to use by simply dispensing the recommended number of drops into a glass of water. You can use them with other liquids and with foods or nutritional supplements. You can also take them while using other health programs or products.
